

MOBILE WORLD CONGRESS FEB. 25 – 28 2019
BARCELONA, SPAIN

JOIN WESTERN CANADA AT #MWC19

GROW YOUR BUSINESS AND EXPAND YOUR NETWORK AT THE MOBILE INDUSTRY'S PREMIERE EVENT.

Tech West Canada in partnership with the governments of British Columbia, Alberta and Manitoba invite companies from Western Canada to join our delegation to Mobile World Congress (MWC) 2018. Take advantage of this excellent opportunity to introduce your products, services and solutions to an international audience in Barcelona this February.

UNVEILING THE NEXT GENERATION OF TECHNOLOGY

This February, #MWC19 will bring the entire mobile ecosystem to Barcelona, Spain. At MWC you will have the chance to identify sales leads, meet and network with prospective and existing business partners, clients, corporations and investors while discovering new disruptive innovations in the mobile and digital space. If you're in the business of mobile, this is where you need to be.

FUN FACT

Attendees report that they can do more business in *four days* than they can in a month's worth of meetings and a year's worth of travel – we think that's the sign of a great investment.

MWC is the one time a year, and the only place in the world, where all our clients from around the world are in one spot.
